Physical Address: 20 Bokmakierie St, Gonubie,
KuGompo City, 5256, Eastern Cape.

Postal Address: Same as above.

INTRODUCTION

The **Eastern Cape** is one of the previously disadvantaged provinces in South Africa. This is largely due to the poverty found in the former homelands, where subsistence agriculture predominates.

Economic Indicator: The real economy of the Eastern Cape is characterised by a relatively high share of manufacturing, but an economy that lags the national economy in productivity terms. This arose largely from the co-existence of:

- A strong manufacturing sector centered on the auto industry in the coastal metros, and
- The incorporation of two large apartheid “homeland” regions, which were historically heavily deprived of resources, infrastructure and public services.

Socio-economic impact: In this context, the province has seen relatively slow employment growth and low pay, especially in the past four years. Since the transition to democracy, it has also experienced unusually high levels of migration out of the province.

Infrastructure need: The province is struggling because of poor education which lack of electricity; roads infrastructure water & sanitation amongst other things are a high contributing factor.

Our Purpose: After careful consideration of these issues Bazakhe Projects was then born to contribute to changing the status of our province, and pave a way for our young brothers and sisters.

NATURE OF BUSINESS

Core Services: Our main business is Civil Engineering, Electrical Engineering (including Maintenance), recently extended our profile to General Building and Road Markings.

Proven track record: Company has undertaken various projects in both fields (Electrical & Civil) and completed them in time, within budget.

Accreditation: We are currently in possession of a 6CE PE, 5EP, 1GB PE and 1SK PE CIDB grading with revenue of over R10m.

Local Presence: We are currently based in the province of the Eastern Cape (Home).

VISION STATEMENT

To build and expand sustainable growth both financially and professionally in order for us to be able to create more job opportunities and develop the youth. Bring services to the people, by ensuring that we perform our tasks to our utmost abilities.

OUR VALUES

At Bazakhe, we pride ourselves with the seven values which include:

1. **Professionalism**
2. **Commitment**
3. **Honesty**
4. **Trust and Transparency**
5. **Integrity**
6. **Respect**
7. **Innovation**

BUSINESS GOALS AND OBJECTIVES

Bazakhe aims to boost the economy by assisting in producing better equipped and knowledgeable youth to either join the job market or better yet start their own businesses. This will be achieved by ensuring we build good quality electrical infrastructure, electrify households. Ensure our province have high quality roads in order for them to gain access to schools.

BAZAKHE'S ECONOMIC DEVELOPMENT MANDATE

ENTERPRISE DEVELOPMENT

Investment in black small, medium and micro enterprises in order to increase their operational and financial capacity

PREFERENTIAL PROCUREMENT

Spend with B-BBEE compliant suppliers
Spend with BWOs, QSEs

SOCIO-ECONOMIC DEVELOPMENT

Create access to the economy by black people

LOCAL CONTENT

Value added in-country using local resources

SKILLS DEVELOPMENT

Contributions made to develop skills in the rail and related local industries with the objective of creating a sustainable and competitive local rail industry.

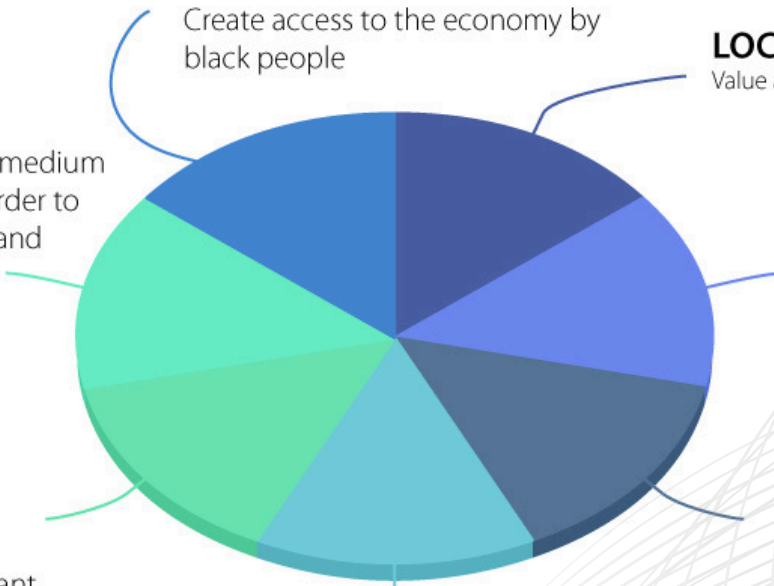

JOB CREATION

(black, women, youth)

Jobs created for South African citizens, black people, black skilled, women, youth

EMPLOYMENT EQUITY

Ensure equitable representation in all occupational categories and levels in the workforce. Have representation of people with disabilities

CORE BUSINESS

SERVICES OFFERED:

i) ELECTRICAL ENGINEERING

- High & Medium Voltage Power Lines
- Substation Construction & Platforms
- Household Electrification
- School & Clinic Electrification
- Electrical Infrastructure Installation
- Electrical Maintenance & Repairs

ii) CIVIL CONSTRUCTION

- Access Road Construction
- Road Construction & Rehabilitation
- Road Surfacing & Maintenance
- Culverts, Drains & Stormwater Systems
- Gabion Construction
- Sewerage Infrastructure
- Earthworks & Site Preparation
- Substation Platform Construction

iii) GENERAL BUILDING

- General Building Construction
- Building Maintenance
- Electrical Building Maintenance
- Plumbing Services
- Interior & Exterior Painting
- Grass Cutting & Grounds Maintenance
- Renovations & Refurbishments
- Property Maintenance

iv) Supplies

- Railway Materials & Rail Supplies
- Electrical Equipment Supply
- Construction Materials
- Cleaning Services
- Catering Services

BUSINESS COMPETITIVENESS

We are an experienced company in the various fields of services offered, and have been operational for more than 20 years hence we offer our services and sales at very competitive prices. We have built relations with various service providers which then enable us to offer reasonable prices and still give good quality services.

SERVICE PLEDGE & OWNERSHIP STRUCTURE

QUALITY POLICY & OBJECTIVES

We abide to the ISO 9000 and all SANS & SABS standards; you are welcomed to request our standards documents for verification. All electrical equipment (High/Medium Voltage) is approved by the Technology & Quality department of Eskom to be used for their lines.

SABS

SERVICE PLEDGE

Our promise to you is good quality service all the time and at all cost. Customer service and satisfaction is critical to the success of our mission. We are committed to continuously improving. Cost, time and quality are our “Triple Constraint”.

OWNERSHIP & MANAGEMENT STRUCTURE

Bazakhe is proudly owned by a young male who is born and bred in the Eastern Cape. Being a historically disadvantaged individual that has had to experience challenges growing up, he then saw a need for improvement in the current situation of the Province.

ORGANIZATIONAL STRUCTURE

BUSINESS, LEADERSHIP & PROF ADVISORS

BUSINESS SKILLS

- Project Management
- High / Medium Voltage Construction
- Electrification Project Designs
- Site Supervision Skills such as Clerk of Works
- Construction Planning & Coordination
- Quality Assurance & Quality Control (QA/QC)
- Health, Safety & Environmental Compliance
- Contract Administration

LEADERSHIP SKILLS

To ensure growth and success of our business we apply the following skills:-

- Lead by Example
- Passion
- Be Organized
- Delegate
- Take Ownership and Responsibility
- Communicate Effectively
- Be Brave and Honest
- Great Listener
- Know our People

PROFESSIONAL ADVISORS

- NEOLI Consulting – Project Managers, Clerking & Electrical Engineers
- NDARA Consulting Group – Project Engineering, Quantity Surveyor
- Smith Tabata Attorneys
- Junda V Business Accountants (Pty) LTD

BEEE

- B-BBEE Level 1 Approved

SAFETY, HEALTH & POLICY STATEMENT

The management of BAZAKHE PROJECTS, is striving for excellence in all we do, recognises the impact that our activities may have on people and the environment. BAZAKHE PROJECTS – Construction, Electrical Engineering, Civil Engineering, General Building & Mechanical Engineering (incl. Maintenance Projects).

To implement and maintain, as far as is reasonably practicable, the activities of the company in such a manner, as to prevent harm or damage to persons and property respectfully.

Safety, health and protection of the environment will form an integral part of our planning and decision making. We will manage our company, wherever we do business, in an ethical way that strikes an appropriate and well-reasoned balance between economic, social and environmental needs.

We are committed to:

- Conducting our business with respect and care for people and the environment.

- Responsible utilisation of natural resources

- Continually improving our safety, health and environmental performance

- Compliance with all applicable legal and other agreed requirements

- Promoting dialogue with stakeholders about safety, health and environmental performance

We will achieve these by:

- Implementing safety, health, environmental management system
- Informing and appropriately training all employees and contractors on safety, health and environmental matters
- Responding effectively to safety, health and environmental emergencies involving our actives and products
- As far as reasonably practicable, providing appropriate resources required to implement the above
- Ensure that the health, safety and environmental policy is reviewed at periods not exceeding three years from the effective date or by a date set by the Chief Executive Officer.

QUALITY , POLICY & STATEMENT

BAZAKHE PROJECTS is committed to achieving a competitive standard of engineering services and delivery excellence that exceeds its customers' requirements.

In support of this policy the Management of BAZAKHE PROJECTS will:

- 1.Implement and maintain effective Quality Management System (ISO9001:2008) which includes policies, procedures and review mechanisms, in order to provide cutting edge services.
- 2.Meet applicable legislative requirements,
- 3.Ensure that the needs of employees, associates and stakeholders are met,
- 4.Develop and motivate its employees towards personal development with the aim of continually exceeding customers' needs
- 5.Ensure that its suppliers conform to required quality standards and assist in their continuous improvement
- 6.Strive to continuously improve all engineering processes with the objectives of reducing costs, enhancing our performance and fulfilling delivery requirements

Create Management & Employee awareness for competitiveness and customer satisfaction via realistic measurable objectives traceable to the overall Business Plan.

ATTACHMENTS AND SUPPORTING DOCUMENTATION (AVAILABLE ON REQUEST)

- 1.Detailed curriculum vitae of management.
- 2.Copy of identity document of member.
- 3.Company Registration Document
- 4.SARS Tax Clearance Certificate and all other commercial documents.
- 5.Completion Certificates
- 6.Map showing location.
- 7.Any other relevant documentation.

CLOSING REMARKS

Thank you for taking the time to learn more about Bazakhe Projects.

Whether it's civil engineering, electrical engineering, general building, or infrastructure development, Bazakhe Projects is ready to deliver solutions you can depend on.

Building Excellence. Delivering Results.
